Parents and/or Guardians will be expected to adhere to the rules of the Welsh Billiards and Snooker Association as if they are a member. Failure to do so may impact their child/ward and may lead to the exclusion of that Parent/Guardian from attending certain events.
27. In order to receive financial assistance at any international event a player must have competed in at least three WBSA events IN THAT CATEGORY in that season.

## 1. CODE OF CONDUCT

28. The Dress Code is stipulated in the Standard Rules of the Association and is applicable to all championship matches, exhibition matches and international matches, or as directed by the Association.
29. Players, Officials, Parents and Guardians must at all times play within the rules and spirit of the sport.

30. Players, Officials, Parents and Guardians must at all times show due respect to opponents, officials, spectators and sponsors.
31. Players, Officials, Parents and Guardians must at all times show due respect to the host venue and organisers and conduct themselves in a gentlemanly and sporting manner.
32. The Association shall deal severely with anyone contravening the letter or spirit of the Rules and Code of Conduct. Any breach of these conditions shall result in a hearing before a disciplinary panel. The Panel should consist of a chair plus two members to hear cases of inappropriate conduct. Before appearing at the hearing the individual will have received a copy of the allegations made so that they can prepare for the hearing. A companion who is NOT a member of the legal profession will be allowed to support the individual at the hearing. The decision of the panel will be conveyed as soon as possible after the hearing. If the Panel determines that a sanction is warranted it will consider an appropriate penalty from the following range of sanctions:
  - (i) suspension from specific events and/or competitions.
  - (ii) ban from competing at specific events and/or competitions (usually for a stipulated period of time.)
  - (iii) deduction of ranking points
  - (iv) withdrawal/removal from nominated representative tournaments.
  - (v) withdrawal of individual membership of WBSA. (vi) monetary fine including refund of financial support already provided.NOTE – the above list is not exhaustive and an alternate sanction may be applied in specific circumstances.

33. Anyone who receives a sanction for any contravention of the Rules or Code of Conduct shall be allowed an appeal against the decision of the Disciplinary Panel. The sanctioned person must notify the Secretary of the WBSA in writing within 28 days of the outcome of the original hearing that they wish to appeal against their sanction. The appeal letter must contain the grounds for the appeal. Appeals will be heard (whenever possible, because of the actual number of people sitting on the Committee) by a chair and two members (but not the same people who sat on the original panel). The appeal will be a one stage and final procedure from which there will be no further right of appeal.
34. The decision of the Officers of the Association is final.
35. Players, Parents and Guardians must not seek to circumvent the Welsh Committee and approach members of other international bodies, such as IBSF or EBSA, in order to obtain information about events or to attempt to gain entry for themselves, their child/ward or for others into events. All such approaches must be made through the Welsh Committee. It is understood that occasionally places become available in international events even after players have arrived at the venue, however the ranking criteria would still apply and players higher in rankings must be asked first (subject to attendance limitations imposed by the ISBF/EBSA)

36. Our core funding is under significant pressure. In order to make it go further, we have introduced a scale of contra charges as follows: -
- 36.1. Players in receipt of funding that subsequently win an international event (IBSF or EBSA) and receive prize money are required to return 50% of the funding they received solely for that event, out of the prize money they receive.
  - 36.2. Players in receipt of funding that subsequently finish runner up in an international event (IBSF or EBSA) and receive prize money are required to return 25% of the funding they received solely for that event, out of the prize money they receive.
  - 36.3. Players in receipt of funding that subsequently finish in the semi-finals positions of an international event (IBSF or EBSA) and receive prize money are required to return 12.5% of the funding they received solely for that event, out of the prize money they receive.
  - 36.4. For the avoidance of doubt, we are fully aware of the way the IBSF and EBSA calculate and distribute prize money. The payment to Welsh Snooker may be made using physical currency (£, \$, or €) in which the cash prize has been paid to the player. Where prize money received is less than the associated refund to Welsh Snooker from items 1, 2 and 3 above, then the requirement to refund will be reduced to a maximum of £50.

36.5. Failure by the player to pay back the funding within 28 days of the end of the international event in question will result in: -

- a) exclusion from all Welsh Events until the monies are paid back.
- b) exclusion from subsequent international events until the monies are paid back.
- c) if the debt remains outstanding for 2 calendar months, recovery action through legal means may be required. Any associated costs will also be recovered from the player.
- d) should item c) above be necessary, future selection of that player for international competition will be in question. In addition, no further funding would be made to that player.
- e) furthermore, the player will no longer be considered "in good standing" with the Welsh Association, which will impact any WPBSA selection/entry criteria for top up events, wildcards and Q School.

36.6. It is understood that some players receive funding for multiple competitions within an event. The deductions detailed within items 36.1, 36.2 and 36.3 apply only to the funding element received for the competition in question. For example, someone competing in Mens and Masters, finishing runner up in the Mens but only last 16 in the Masters will only be required to pay back the 25% of the funding element they received for the Mens competition.

36.7. The above points are integral to any funding allocation and acceptance of funding constitutes a player's agreement to the terms above. Players not wishing to be bound by the above must register their position with the Committee, but must understand that this will exclude them from receipt of any funding.
